

## Checklist of What to Bring When Boarding:

### Boarding Application and Owner Agreement

If you are a new client or have a new pet, these forms can be downloaded from our website or you can pick them up at our Reception desk. Please fill them out and read them carefully as they contain important information including our hours and policies. They can be brought in on your next visit.

### Copy of Current Vaccinations

All canine and feline guests staying at Canine Country Pet Resort are required to be up to date on vaccines, including Bordetella (canine). These guide lines are for the well being and safety of your pets. A full list is available on our website. The records can be faxed to us at 604-946-8712 or brought in on your next visit. Please ensure your pet is on a flea preventative program from April to October.

### Food

We recommend that you bring your pet's own food and treats that they are used to. If you have forgotten to bring it, or your pet's food runs out during their stay, we have food that can be purchased. We currently stock **FEELGOOD** treats, **HORIZON** and **NOW!** food brands.

### Medication

Any necessary medication should be brought in clearly marked containers. There is a small fee for administering medications/vitamins. Please inform our staff of any recent issues or illnesses your pet has had.

### Bedding (Optional)

Some dogs and cats feel more at ease if there is an article of clothing that smells like 'home' or a familiar bed or crate that they use. If you are bringing bedding for your pet, please make sure it is washable, just in case they have an accident. No quilts or sleeping bags please!

### Extra Services Available

- |                          |                                       |                                |
